

ULTRA Prep

Description

The Ultra Prep is a Diamond Impregnated Black Stripping Pad that is ideal for wet stripping applications. It is a pad made from polyester fiber that through a unique process, contains a high concentration of abrasive material including diamonds, that are imbedded along with a durable resin for long lasting use. It will aggressively remove built up dirt, scuff marks and old surface finishes. It sets up the floor for further refinement if needed to provide a clean, refreshed floor that can easily be maintained. Use with a Pacific Floorcare auto scrubber or electric floor machine.

Features

- Efficient and easy to use
- Designed to work on Pacific auto scrubbers or electric floor machines
- Removes built up dirt, scuff marks and old surface finishes

NOTE: When installing on equipment, the embedded diamond side is the work surface that contacts the floor.

Uses

The Ultra Prep is ideal for removing worn and soiled floor coatings and scuff marks. Used with PAC chemical cleaners, they will also clean heavily soiled hard surface floors. Use the Ultra Prep pad on a Pacific auto scrubber or electric floor machine.

Procedures

1. Install Ultra Prep on a Pacific auto scrubber or electric floor machine with abrasive side on the floor.
2. Move machine forward in a straight line at a slow walking speed.
3. Repeat operation until soil or finish is removed from the floor.
4. Remove any remaining residue with the auto scrubber or a mop and wet vacuum.
5. Further refine with specialized Pacific pads and chemicals to desired finish. Floor is then ready for daily maintenance.

Cleanup

After completing any application using Ultra Prep, thoroughly clean each pad using a hose with a pressure spray nozzle. Hang or stand on edge to dry and store appropriately. This will maximize pad life.

Packaging Specifications

Product #	Description	Pack
PFPLPU13PREP	Ultra Prep - 13" (330mm) 5-Pack	5 Pack
PFPLPU14PREP	Ultra Prep - 14" (356mm) 5-Pack	5 Pack
PFPLPU16PREP	Ultra Prep - 16" (406mm) 5-Pack	5 Pack
